## International Business & Corporate Development

 [Download the brochure](#)

This Master is designed for future global managers who intend to participate in the renewal of international managerial practices, notably by integrating sustainable and digital development, putting globalization in perspective and anticipating the evolution of international companies (geopolitical drivers, new global players, new business models, new missions, etc.).

**This Master is designed to:**

Develop students critical thinking as well as practical knowledge through real case studies, feedback from very experienced professionals and a minimum of 3 months professional experience.  
Provide students with the skills required to manage firms in a challenging globalized, sustainable and digitalized world. Thanks to small dynamic and multicultural classes and courses designed to develop an analytical mindset, a creative and smart problem-solving approach and intercultural-based understanding of management, students will acquire an international expertise and become the ideal candidate for any professional position that involves contributing to corporate (or business unit or project) international development.

**Core skills:**

Ability to operate and negotiate in a multicultural and changing environment. Students will develop interpersonal skills that make it possible to work with different audiences, countries or cultures and to lead international teams.  
Ability to conduct competitive intelligence by watching and searching for quantitative and qualitative information about the international environment and professional sector in order to anticipate changes (identifying key players, new consumer needs, new markets, etc.)  
Ability to design an International Development Strategy integrating new capabilities to acquire as part of the international development of a company.  
Ability to implement International Development Strategy (customs, commodity trading, financing, legal issues and risks coverage).  
Ability to conduct sustainable and digital development.

**Thanks to the complete curriculum design of the Master in Management (MIM) concept, the Master in International Business and Corporate Development enables also students to:**

Master the principles and tools for managers of business units or firms with up-to-date international management topics in the real business environment  
Build a concrete view of the working environment, especially in the specific European business framework with Professional skills development (career management, professional experience)  
Achieve intercultural and additional competencies relying on students' original degree in sciences or engineering or students' intercultural experience and engagement.  
Study and practice skills in the international language of business: English, yet obtain free additional French language classes (different levels) and French culture;  
Study in downtown Paris, close to main European businesses and headquarters of multinational firms.

**Career opportunities:**

**The international developer holds strategic positions in multinationals, small and medium-sized enterprises internationally oriented, or international consulting firms.**

**Start a career:**

In the world of strategy and consulting  
Work as an intrapreneur who drives change processes in organizations or NGOs  
Join an established start-up or found your own company in a European or international context

Since 2011, our alumni have been hired by companies across 4 continents with positions of:
