Application deadline: December 15th 2013

5 good reasons to choose our Online MBA:

- You have access to our online platform at any time (video lectures),
- You can manage the time dedicated to your studies,
- You benefit from the MBA team support,
- You communicate with your peers,
- You prepare a high level degree without neglecting your professional obligations.

Administrated by the national MBA team, our **Online MBA** is supported by all the CNAM regional centers.

The most prestigious names of the CNAM are of course associated to this new venture and the its first class will begin in January 2014.

The **CNAM's Online MBA** is a distance education program which combines a number of face to face classes in regions. The other particularity of this program is that it offers courses delivered in both French and English.

Our pedagogical approach relies on cutting-edge learning technology: an internet platform giving you the flexibility to study from the convenience of your own home, access to study cases, work project through an interactive board...

The **CNAM's Online MBA**, or H-MBA, benefits from the same educational contents as the E-MBA and I-MBA and its philosophy remains the same: training company managers and encouraging them to develop a 360° view for business organizations.

Our mission is to lead managers to an executive board: they then become upper-level managers within a SMB or run a business unit in an international group.

Launch of the **CNAM's Online MBA**: January 2014!

January 6, 2014
